Yale

Faculty Position at Yale University

Department of Molecular, Cellular and Developmental Biology

The Department of Molecular, Cellular and Developmental Biology at Yale University invites applications for a faculty appointment as an assistant professor from individuals working on any area of plant biology. The Department encourages applications from candidates using any experimental approach, including molecular, genetic, biochemical, or genomic/proteomic approaches, to investigate outstanding questions in modern plant biology at the organismal, cellular or molecular level. We expect successful candidates to develop active research groups, be interactive members of the faculty and participate in interdisciplinary research and training. Successful candidates should demonstrate communication skills commensurate with excellence in teaching at both the undergraduate and graduate levels.

Application review will begin on December 15, 2012. Submit an application, a curriculum vitae and a description of research interests on line to https://academicjobsonline.org/ajo/Yale. Request at least three individuals submit letters of recommendation on your behalf to https://academicjobsonline.org/ajo/Yale. For questions, please e-mail mcdb.plantsearch@yale.edu.

Yale University is an Affirmative Action/Equal Opportunity Employer. Women and members of underrepresented minority groups are especially encouraged to apply.
